#NESIWeek2026

NESI WEEK
NIGERIA ELECTRICITY SUPPLY
INDUSTRY WEEK

Co- organized by the
Federal Ministry of Power and NESI Platform Limited

**FEDERAL MINISTRY
OF POWER**

About Us

NESI Week is co-organised by the Federal Ministry of Power and NESI Platform Limited, - set to become Nigeria's flagship annual electricity ecosystem platform, bringing together government, utilities, technology companies, financial institutions, manufacturers, development partners, academia and innovators under one roof.

Nigeria's electricity sector is entering a defining era, driven by market reforms, infrastructure investment, digital transformation, renewable energy deployment, and rising private sector participation. NESI Week 2026 is the founding edition of this platform, the first of an annual gathering designed to convene the full electricity value chain around this moment, turning policy conversations, capital, and innovation into real partnerships and outcomes for the sector.

Event Overview

NESI Week 2026 is a seven-day national electricity ecosystem platform themed “Powering The Future,” taking place 15–22 November 2026 in Abuja, Nigeria — the founding edition of what is set to become Nigeria’s flagship annual electricity industry gathering.

Across the week, NESI Week convenes government, utilities, technology providers, financiers, manufacturers, development partners, academia and startups through 12 signature experiences including a CEO Forum, National Energy Dialogue, Future Energy Experience, Innovation Arena, Expo, Awards, Power League, Energy Marathon, and more.

More than a conference, NESI Week is a platform that’s connecting policy, capital, technology and talent to power the next chapter of Nigeria’s electricity sector.

By the numbers:

5,000+ Physical Delegates

50,000+ Virtual Audience

100+ Participating Organisations

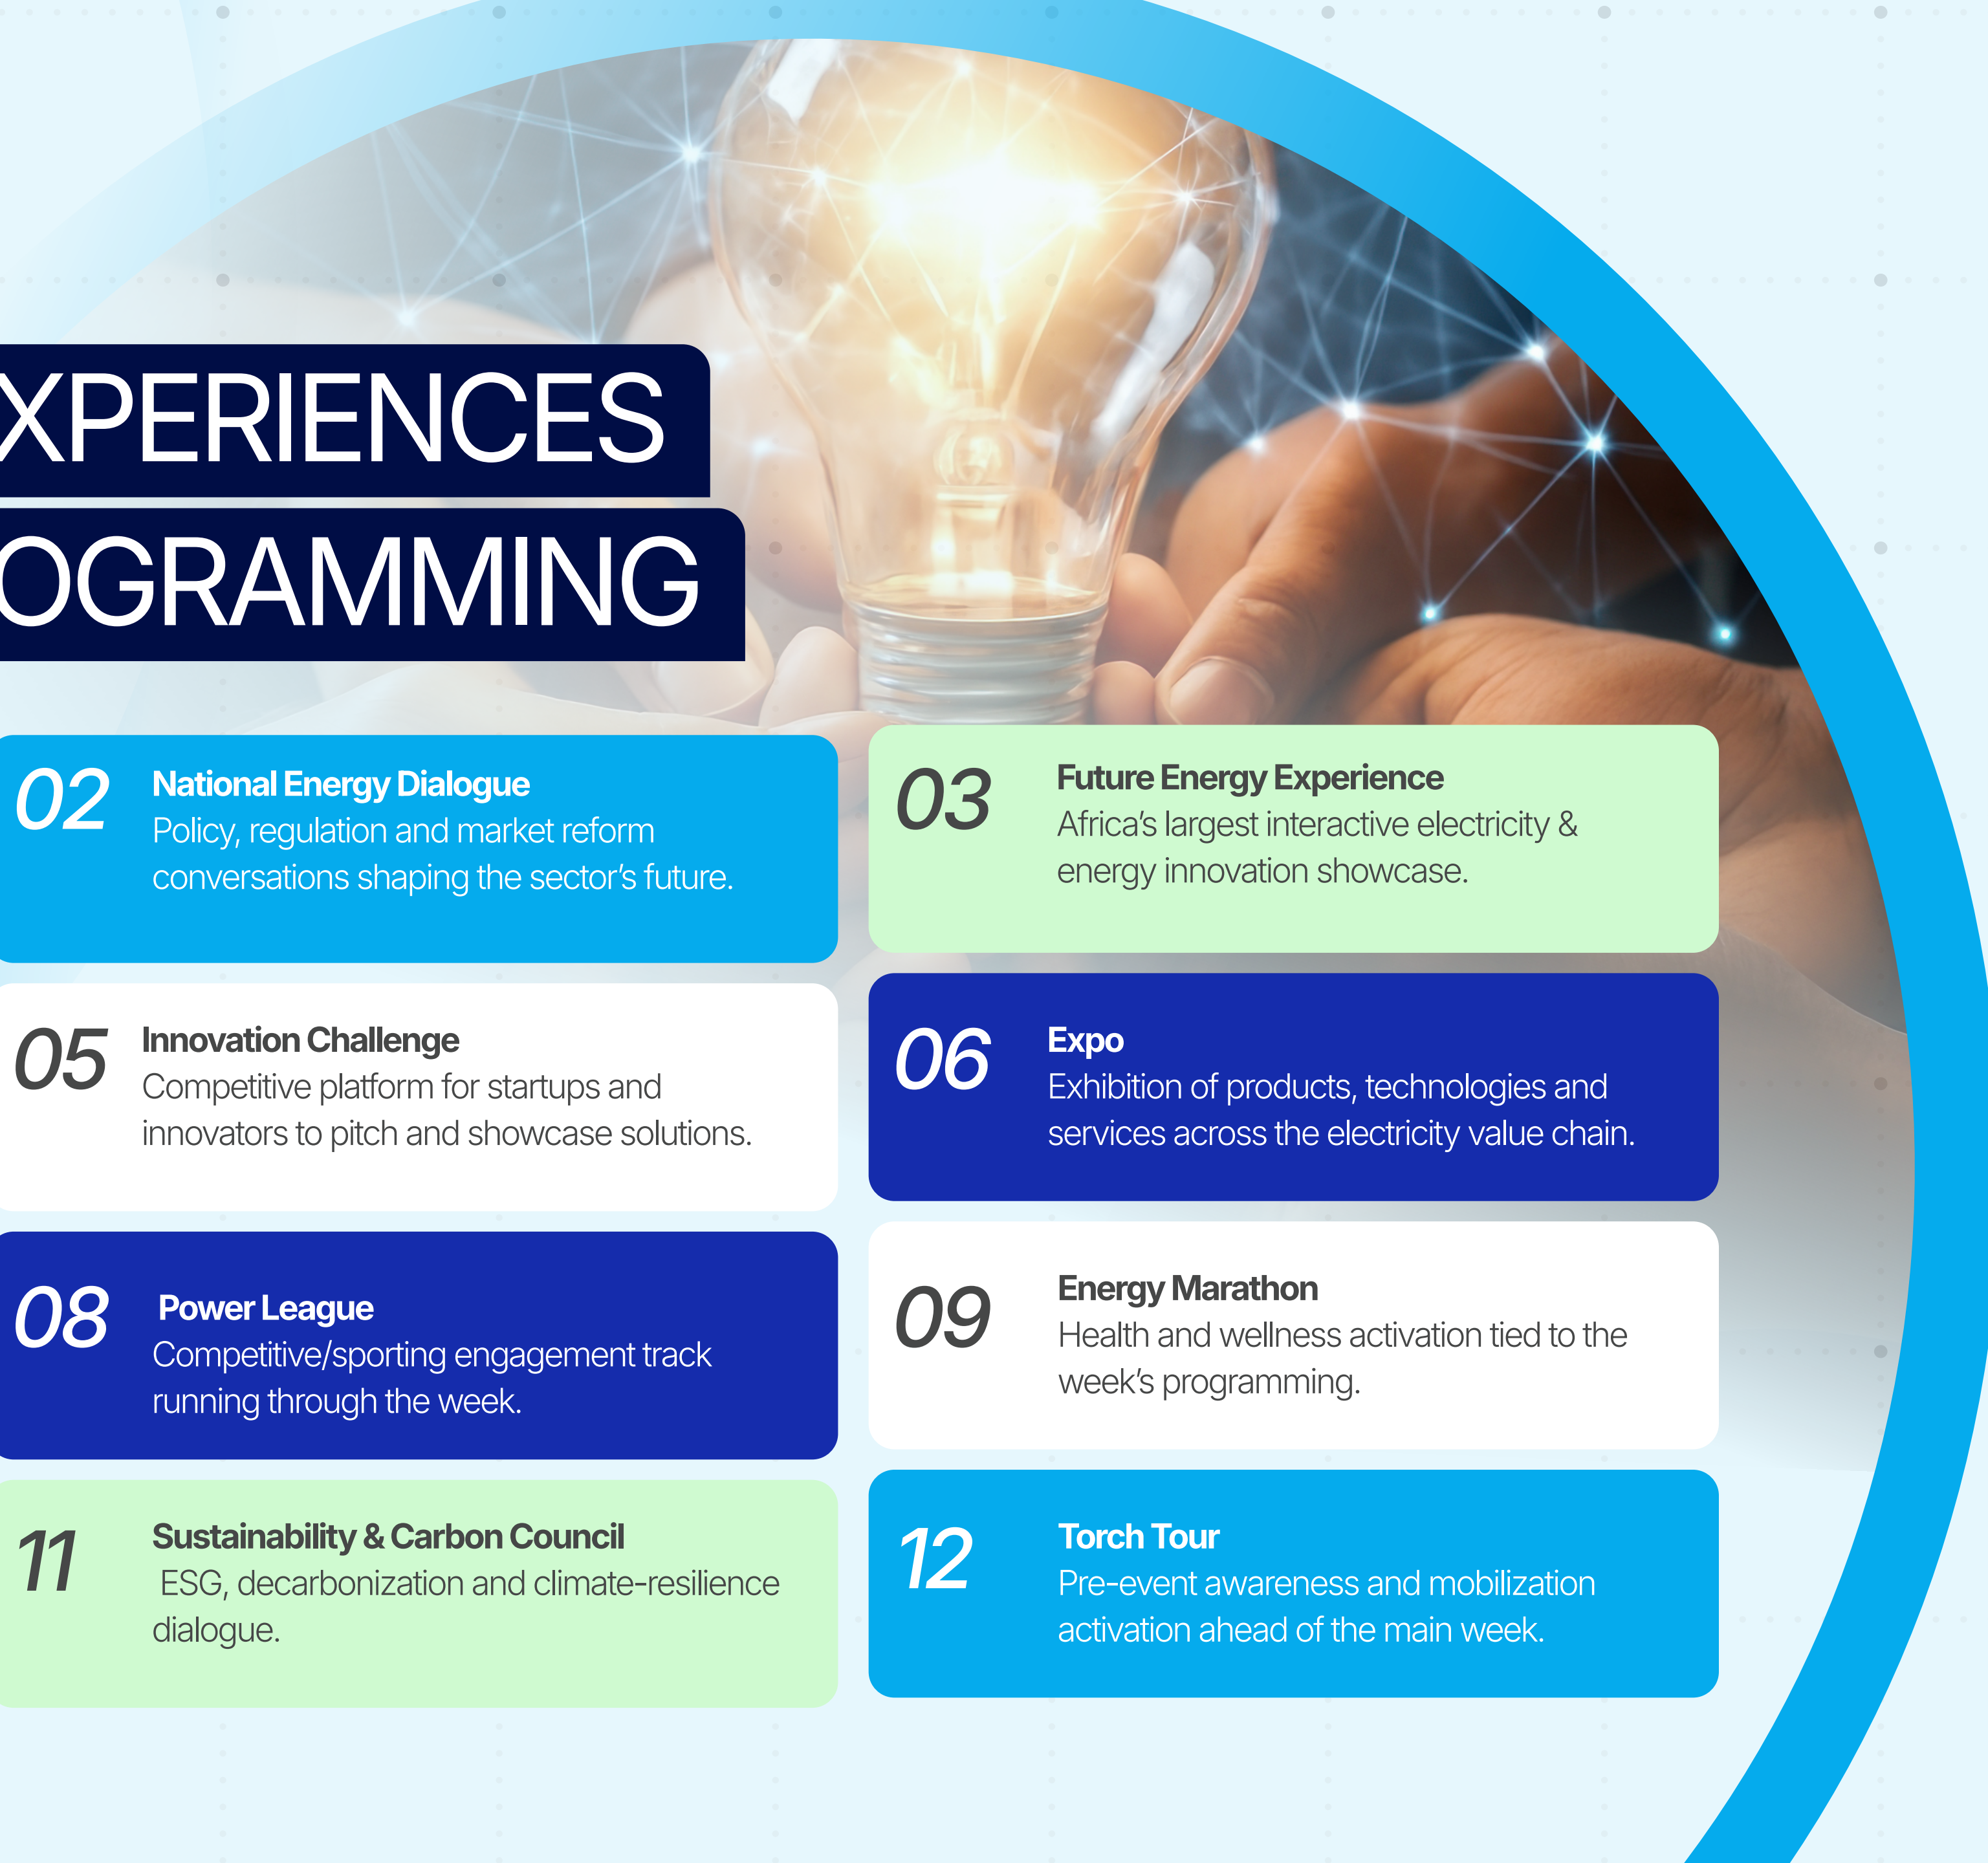

50+ Sponsors

30+ International Delegations

200+ Accredited Media

2M+ Digital Impressions

NIGERIA ELECTRICITY SUPPLY
INDUSTRY WEEK

SPEAKERS

Speaker confirmations are underway. As Nigeria's founding electricity ecosystem platform, NESI Week 2026 will convene ministers, regulators, utility CEOs, and sector leaders across its CEO Forum, National Energy Dialogue and Technology Summit sessions — full speaker line-up to be announced.

Partners confirmed ahead of the announcement will have their brand associated with the line-up as it is released.

Be a Founding Partner

NESI Week 2026 is the founding edition of Nigeria's flagship electricity ecosystem platform — there is no prior partner history, because this is where it begins.

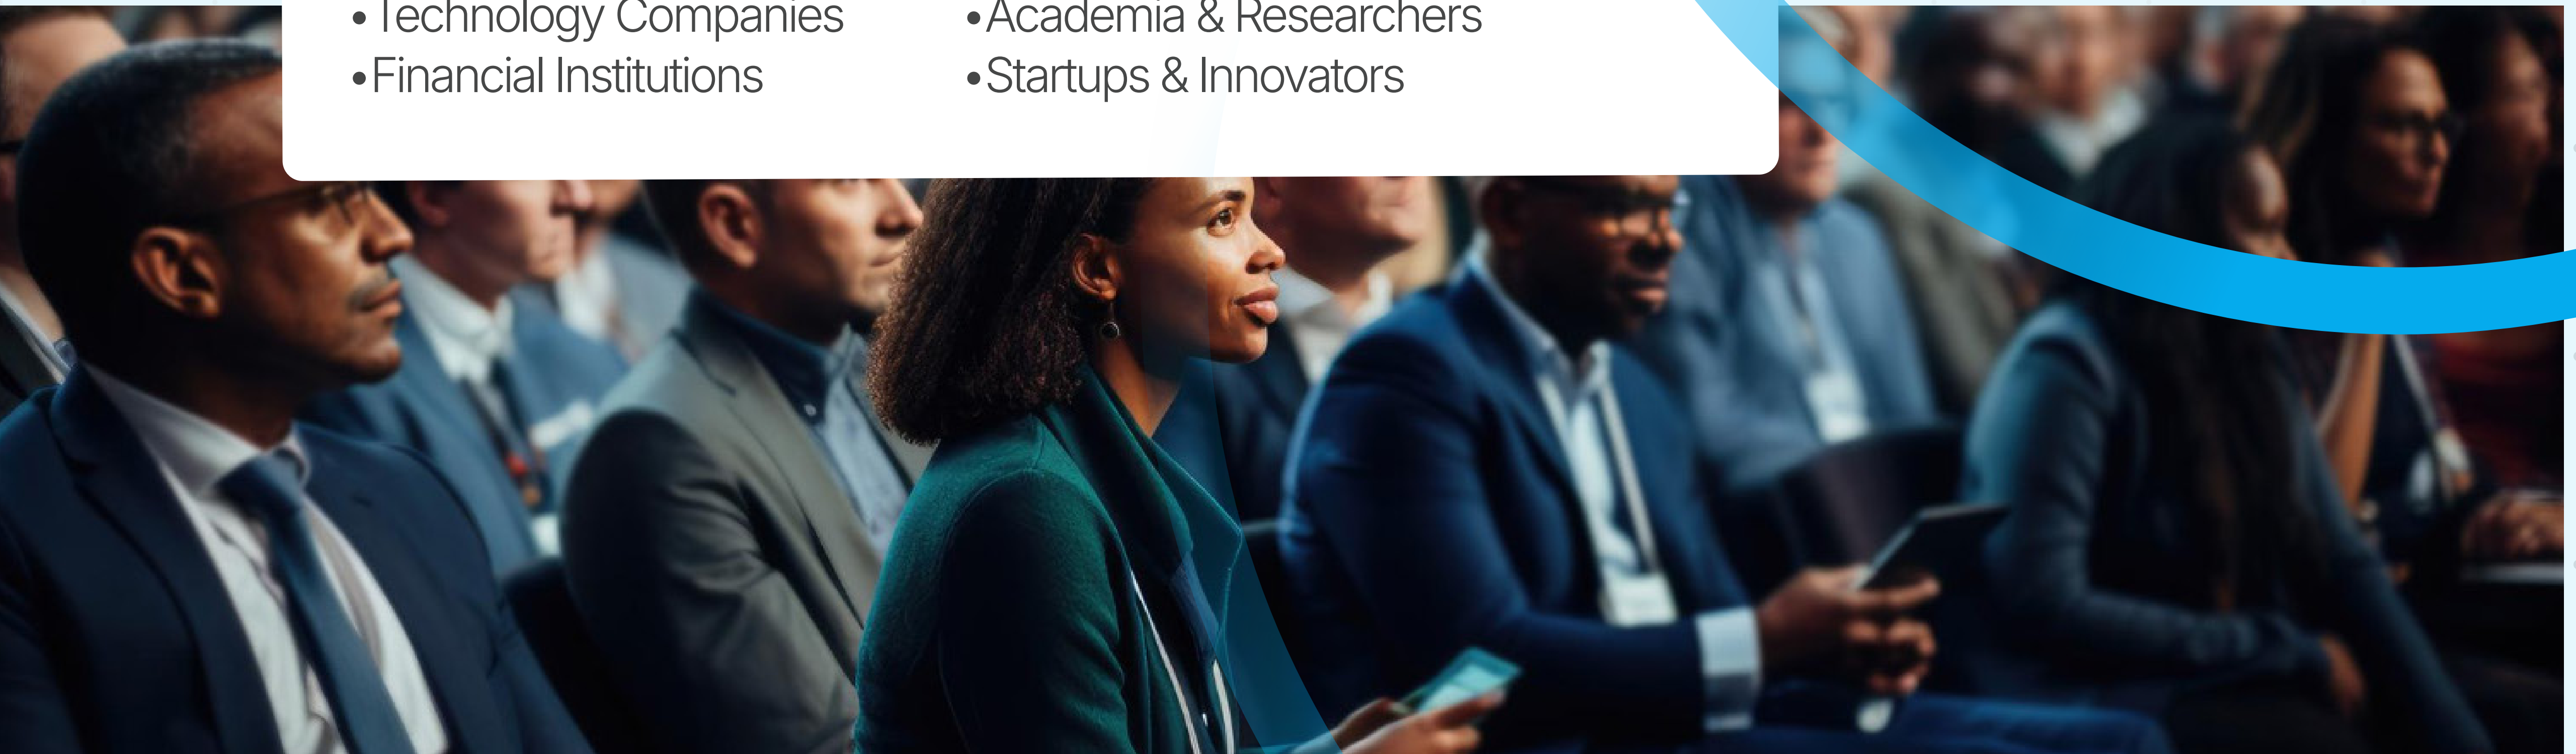

Organisations who come on board for this edition are recognised as Founding Partners of NESI Week, carrying the legacy benefits and permanent recognition outlined later in this deck (see Founding Partner Legacy).

EXPECTED ATTENDEES

NESI Week 2026 attracts 5,000+ physical delegates and 50,000+ virtual audience members, including:

- Government & Policymakers
- Utilities & Market Operators
- Technology Companies
- Financial Institutions
- Manufacturers & EPCs
- Development Partners
- Academia & Researchers
- Startups & Innovators

WHY YOU SHOULD SPONSOR NESI WEEK 2026

NESI Week offers a premium platform to:

- Gain direct government access
- Build executive-level networks across the sector
- Launch products to an attentive, relevant audience
- Access investment and capital-raising opportunities
- Strengthen ESG positioning
- Drive business development and B2B matchmaking
- Gain procurement access across the value chain
- Achieve brand visibility at national scale, as a founding partner of the platform
